You may have experience working with vulnerable people, ideally in a community support or residential context, perhaps as a volunteer. This role requires excellent people engagement, good verbal and written communication skills, along with sound time management and the ability to prioritise tasks.

Key to this role is:

- Work with young adults around assessment, planning, structure, advice, support including help working towards their plans/goals, and connection to other services.
 - Liaison with other agencies - collaboration with SMHS, GPs, Schools etc.
 - Support and encourage young adults on their journey of building connection to the community.

Staff will work on a 3-week rotating roster, with a mixture of AM (07:00 to 15:30) and PM (14:30 to 23:00) shifts. This role has no night work. The pay scale is \$41k-51k per annum for an equivalent 1.0 FTE role, in line with gender pay equity.
